Smartest City

ENVISSION: AMERICA

GOALS & MEASURES

City of San Diego

- Pursue a cross-departmental strategic deployment of smart city solutions with a focus on rethinking procurement policies
- Create a blueprint for a smart infrastructure deployment plan for the benefit of the city and interested vendors (late Q1/early Q2)
- Create a usable roadmap that will enable other cities to implement similar strategies (draft by late Q2)
- Promote the adoption of a national standard for procurement standards (end of Q4)
